

=== POLICY SUMMARY (ENGLISH) ===

This health insurance policy covers hospitalization costs, surgery and ICU charges, and ambulance rides up to ₺5,000. It also pays for medical expenses before hospitalization (up to 30 days) and after discharge (up to 60 days). However, it does not cover cosmetic or plastic surgery, dental treatments, pre-existing illnesses diagnosed within the past two years, or any injuries caused intentionally by the insured.

The policy has a maximum claim limit of ₺500,000 per year, with a daily room rent capped at ₺3,000. To be eligible, you need to be between 18 and 65 years old. If you are over 55, you must undergo a medical test before coverage begins.

There is a general waiting period of 30 days before the policy starts covering claims. For maternity-related expenses, the waiting period is 90 days.

Keep in mind, the policy must be renewed annually to remain active. Additionally, the insurance company will not pay for any claims found to be fraudulent. This ensures the policy is used fairly and only for genuine medical needs.

In summary, this policy offers good basic health coverage within specified limits and conditions but excludes certain treatments and requires timely renewal. It's important to understand the waiting periods and exclusions before applying.
